Due date:

The due date for applications is 7 days prior to the workshop.

Each workshop has restricted numbers. Should a workshop become full, you will be notified so you have the opportunity to attend another one.

Successful applicants will receive an email with updated information and a map.

Should you wish to enrol in a second workshop, then apply with a new set of forms for that workshop to ensure all medical and contact information is available to the administrators on the day.

Please note: late applications or arriving on the day without prior registration will not be accepted as this compromises the effective duty of care for students by teaching staff.

Notification: Please provide us with your email address for an email regarding the outcome of the application. Parents/Caregivers and relatives are welcome to attend the concert at the time published. All concerts will feature the workshop band and a performance by the associated High School Band.

What to bring:

- your instrument
- a pencil and an eraser
- your recess or lunch (please be mindful of food in regards to nut allergies)
- a drink of water

NB Music folders are supplied

We look forward to working with you at the workshop.

Please contact Kristen (ph 8392 3800) or myself should you have any questions.

Yours sincerely
