We understand the following: (Please Tick)

We will be required to commit to learning for the whole year

We will be required to pay an Administration Fee (\$25).

We will be required to hire a musical instrument. (Unless you own one)

We will be required to purchase a Music Tutor Book and Display Folder.

Regular lesson attendance and practice routine is essential for success

Once you have watched the video links together with your child please fill in this form with a first, second and third choice. Note we are looking for an equal balance of instruments to make our band sound great, so please think carefully about what type of sounds you like and only put down instruments you are prepared to learn and practice for a whole year. All our students learn to read music, and everyone participates in the Junior Band.
